

APPLICATION FORM

JUNE 2023

The process “**emblematic projects showcases**” is the label for promoting projects of excellence in the industry of the future, materializing a clear partnership between a French company and a German company. This label aims to serve as an example and model for the transformation of industry and international development. Participation in this call for applications is free and open to all companies, subject to the criteria defined in the call for applications.

STAKEHOLDERS OF THE PROJECT
